*Knowledge enormous makes a god of me.
Names, deeds, gray legends, dire events, rebellions,
Majesties, sovereign voices, agonies
Creations and destroyings, all at once
Pour into the wide hollows of my brain...
And so become immortal.*

*"And so I appeal to a voice, to something shadowy,
a remote important region in all who talk:
though we could fool each other, we should consider--
lest the parade of our mutual life get lost in the dark.*

*For it is important that awake people be awake,

the signals we give--yes or no, or maybe--
should be clear: the darkness around us is deep."*

When you talk about the historical Duke parties, you point out that you could go between groups , and you didn't have to be a member. Its what people aspire to have. -VP for Student Affairs Janet Dickerson 11.4

College should prepare students for the real world. In the real world, there are morning clinics, not afternoon. - Nurse Deborah Mebane 11.11

I was heated; I'm still heated. I think it got ugly toward the end. Every time we play N.C. State, it's going to be one of those hard-fought, trash-talking games. I didn't like playing in today's game, but that's what you have to do. -Chris Carawell 12.7

A couple of nut-cases had been out there a week or so, but it seems like the great bulk of that line has shown up in the last few days. -Al Prescott 1.13

I'm trying to decide if this suite is nicer than a hotel room. -Ben Au 2.1

That wouldn't be fair to the people who planned their night around this.. -Jeff Hindman

We'll be lucky if one fifth or one third of the students at Duke are a part of anything that represents coming to grips with this holiday. -Dean of Trinity College William Chafe 1.19

I feel like everyone should be naked-it's the natural things to do. - Ernie Padron 1.28

What student wants the stigma of living in a prohibition dorm?.....None of our residents are anxious to see their beloved freshmen dorm used as a guinea pig in a University program destined for failure and even students endangerment. -Steven Turner 2.2

This school is basically just people hooking up and that's it. -Jordan Litrownik 2.12

It's like when a mother bear finds out that one of her own was injured by a mountain lion. The mother bear becomes a little incensed.

Shane Battier 2.22

You always have to burn things when we beat Carolina. -Chris Burgess 3.1

They wanted to withdraw, and we said that's fine. We're fine. We're both fine. There's not a problem between Orion Food Systems and Duke University. VP for Auxiliary Services Joe Pietrantonio 3.5

We'll give ourselves 'graces' during the day, and party Friday and Saturday night. No tent checks, no real graces-just lots of alcohol! -Cat Saleeby 2.19

All I want for Christmas is a 1,000-space parking lot that's already paid for. -Parking Services Manager Chuck Landis 2.5

It's incredible to wear a jersey with 'Duke' on the front and your name on the back. -Ryan Caldbeck 2.23

I don't feel that we've succeeded in our duty as a progressive and productive organization. Amir Rashid-Farokhi 1.21

There were broken windows and mud. It was just a mess. -West II Housing Facility Manager John Duncan 2.16

There is some disappointment that we may not be able to do it...We did it fast because of the urgency of the situation. We had not investigated what the insurance liability aspects were. Stephen Broderick 2.25

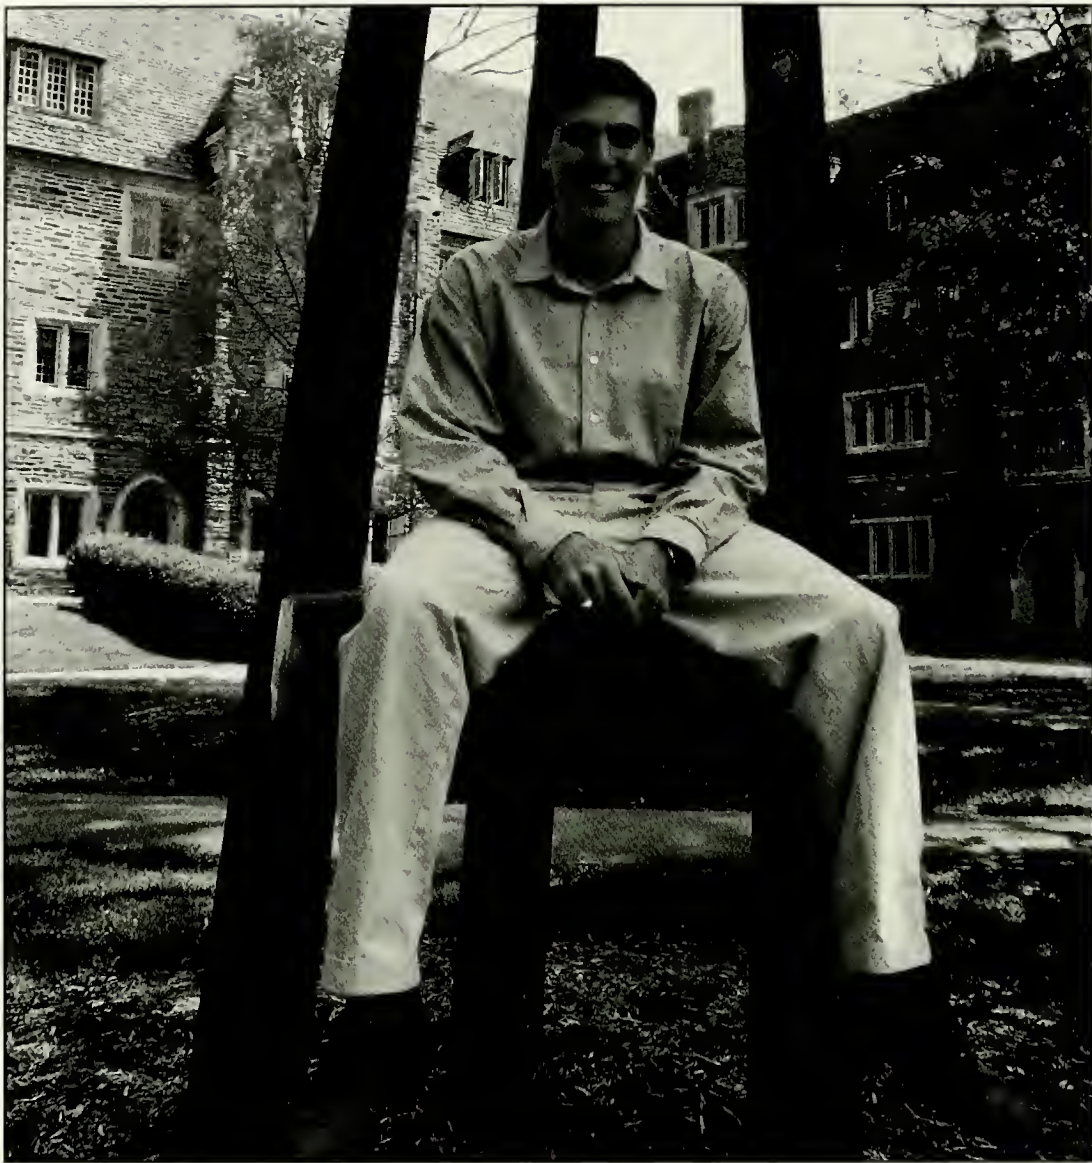

A diverse campus tends to generate itself. -Undergraduate Admissions Director Christoph Guttentag 2.15

p o r t r a i t s

I want to be seen here in my simple, natural,
ordinary fashion, without straining or artifice;
for it is myself that I portray.

"Students have begun not only to question but, having arrived at answers, to act on those answers. This is part of a growing understanding among many people in America that history has not ended, that a better society is possible, and that it is worth fighting for."

Mario Savio

UC Berkeley, 1964

"Each time a man stands up for an ideal or acts to improve the lot of others or strikes out against injustice, he sends forth a tiny ripple of hope, and crossing each other from a million different centers of energy and daring, those ripples build a current which can sweep down the mightiest walls of oppression and resistance."

e p i l o g u e

*Much have I seen and known; cities of men
And manners, climates, councils, governments,
Myself not least, but honor'd of them all;
And drunk the delight of battle with my peers...*

*I am part of all that I have met;
Yet all experience is an arch wherethrough
Gleams that untravel'd world.*

-Tennyson Ulysses
